

# Management Team

## **Richard Riccetti** Founder, President and CEO

Rick has over 25 years of software development and marketing experience. He co-founded Seapine Software, Inc. in 1995 and was the principal developer of Seapine's flagship product, TestTrack. As president and CEO, Rick oversees daily operations, sets strategic product direction, and manages the marketing and product management teams. Under his leadership, Seapine has become a recognized leader of application lifecycle management solutions. Prior to founding Seapine, Rick worked in product development and management at Access Corporation and Cincinnati Control Dynamics, Inc. (CCDI). Rick did his undergraduate work at the University of Cincinnati where he studied business finance and computer science.

## **Judy Test** Chief Financial Officer

Judy joined Seapine Software, Inc. in 2005 as manager, accounting. With more than 20 years of accounting and finance experience, Judy is responsible for all finance and administrative functions at Seapine, including accounting, receivables, budgets, treasury management, and human resources. Prior to joining Seapine, Judy worked in various positions in finance and accounting for Ernst and Young, The Vaughn Group, McGraw / Kokosing, and Best Express Foods. Judy is a CPA with a bachelor's degree in accounting from the College of Mount St. Joseph, and is an active member of the Ohio Society of CPAs.

## **Kelly Riccetti** Founder, Executive Vice President

Kelly is co-founder and executive vice president of Seapine Software, Inc. As executive vice president, she manages the company's daily operations and provides marketing guidance for the company and its products. With more than 20 years of industry experience, Kelly's previous endeavors include founding Riccetti and Associates, a consulting group that specialized in technical writing, document layout and design, and technical editing. She also worked as an editor for Cincom Systems, Inc. and as a production editor for Comware, Inc. Kelly holds bachelor's degrees in German literature and animal health technology from the University of Cincinnati.

## **Matthew Disher** Chief Information Officer

Matt joined Seapine Software, Inc. in 2003 as chief information officer. With more than 20 years networking experience, he manages Seapine's telecommunications, network infrastructure, hardware, and software systems. Prior to joining Seapine, Matt was the director of network operations for Digiener, Inc. where he implemented a Cisco-based hosting and network management facility. Matt is also a Cisco and Microsoft Certified Professional.

**Richard Clyde**  
Vice President,  
Product Development

Rich brings over 25 years of software development experience to his position at Seapine Software, Inc. He has successfully led Seapine through more than 34 product releases, including the launch of three new software products. Prior to joining Seapine in 1999, he worked on the design and implementation of large software projects for various companies including the Mayo Clinic, Blue Cross/Blue Shield, and Lexis/Nexis. Rich holds a bachelor's degree in computer engineering from the University of Notre Dame and is a Microsoft Certified Professional.

**Kevin Stewart**  
Vice President, Worldwide Sales

Kevin joined Seapine Software, Inc. in 2003 as director of eastern region sales. With more than 17 years of sales and sales management experience, Kevin is now responsible for sales in North America, Europe, Asia-Pacific, and the Seapine partner programs in his current role as vice president of worldwide sales. Prior to joining Seapine, Kevin held regional sales director positions with GraphOn Corporation and alexis/COM2001.com, a leader in unified messaging, telephony, and voice over IP communications. Kevin did his undergraduate work at the Wright State University where he studied business.

**Fred Davidson**  
Vice President, Quality and  
Customer Support

Fred joined Seapine in 2003 as a technical consultant, and brings over ten years of customer service and support experience to his position as vice president of quality and customer support. Prior to joining Seapine, Fred worked as a support engineer with Mattec Corporation. Fred did his undergraduate work in management of information systems at the Union Institute, and is a Microsoft Certified Professional.

**Jeff Amfahr**  
Director of Product Management

As director of product management, Jeff is responsible for establishing the strategic direction of Seapine products. Jeff has more than 20 years experience designing and delivering software products for small start-ups to large multinational corporations. Before joining Seapine, Jeff was the vice president of product development at the Sant Corporation. Prior to that, he was director of engineering at Great American Insurance. He holds a bachelor's and a master's degree in mechanical engineering from the University of Illinois.
